

Miko Srl guarantees that all Dinamica Micro Fiber Suede will wear for 10 years in normal office or home conditions when maintained in accordance with our maintenance recommendations for upholstery.

In the unlikely event of such a guarantee becoming effective, Miko Srl will replace the product based on a time elapsed cost scale. It does not cover the direct costs paid by the client for the repair.

Miko Srl considers normal office or home conditions represent a daily usage of approx 8 hours in an office or private home environment. This guarantee does not cover wear or tear within limited spots of the fabric which can be caused by metal objects such as zips or combs etc.

A further condition of the guarantee is that all fabric is kept free from dust and dirt being carefully maintained in accordance with the Miko Cleaning Instructions.

Finally, the upholstery should be without sharp edges and corners. Also the consistency of the upholstery foam used should remain the same throughout the time period and must not crumble.

Time chart:

Year	0-2	2-4	4-8	8-10
Fabric replacement share	100%	70%	60%	50%

For more information , please read TERMS AND CONDITIONS OF THE 10-YEAR GUARANTEE.
